

Container Transport
Alliance Australia

Dedicated. Connected. Better.

Dedicated. Connected. Better.

Neil Chambers
Director

“Container transport is tough, but vital to the economy.

Container Transport Alliance Australia (CTAA) is a fresh approach to supporting businesses whose success depend on efficient and effective container transport relationships.

We offer a dedicated service that provide business support, and advocacy on commercial, operational, industrial and regulatory issues.

We have a passion and the expertise to help you achieve better productivity, safety, technology uptake, and people development.

We look forward to you joining the alliance.”

Gerard Langes
Director

Why Join?

Container Transport Alliance Australia (CTAA) offers a new approach to confronting increasingly tighter and complex business conditions in the landside container transport chain. Through our services, we want to help businesses grow in an environment which has to deal with:

- Operational relationships between transport operators, stevedores (existing and new), shipping lines, container parks, freight forwarders, and importers / exporters
- A more stringent regulatory environment
- Rapid changes in technology
- Rising costs and a squeeze on margins
- Inadequate infrastructure
- Impediments to greater productivity
- Workforce challenges

CTAA Services:

- Real-time Operational Support
- Operational/HR/IR Alerts
- Relevant Business Networking
- Business Advocacy
- Frequent Reports on Key Issues
- Safety and Compliance Tools
- Business Consultancy and Strategic
- Business Ready Reckoners
- Industry Awareness Courses
- Technology Updates and Features
- Training Advice and Delivery
- Targeted Events
- Access to Alliance Corporate Partner

Benefits:

CTAA subscribers receive:

- **Consultancy and Business Support** – direct professional business support, and in alliance with key service providers;
- **Advocacy** – advice and advocacy on commercial, operational, industrial and regulatory issues. We do this for individual companies, and when agreed, on a multi-company basis.
- **Information Delivery** – timely updates on regulatory, strategic and operational issues;
- **Safety and Compliance** – safety and compliance tools specific to the container transport logistics industry; and
- **Training, Events and Networking** – training, workforce development and targeted events.

Values:

- **Dedicated** – we are solely focused on the needs of the container transport industry
- **Relevant** – we deal with the strategic and operational issues that make a difference
- **Results Driven** – we bring specific expertise to all issues to achieve positive outcomes
- **Trust** – we maintain confidentiality and honesty in all our dealings
- **Integrity** – we are objective, fair and treat all with respect
